**Sue has made an enormous difference,
but still has work to do in Meeds-South Ward.**

**Major road safety projects, some examples
below, please visit my website for the full list:**

- Improve on and off street parking services.
It is a disgrace that Conservative Councils can't work together to put commuter car parking BACK into Car Parks and free up residential Roads.
- I've identified money in the special 'Watershed' budget pot to do road repairs that last.
This money will now come to Burgess Hill to repair Station Road properly!

Fighting for the future of our children:

- Oakmeeds Community College is in need of a long awaited refurbishment/rebuild. I am working hard at the County Council to make sure the project stays at the top of the list to secure the necessary funding to make it happen with the backing of the Cabinet Member for Finance.

**Michael Brown, Cabinet Member for
Finance and Resources WSCC.:**

Capital Expenditure over the coming years will be very tight.

However, I must make a point to Sue Knight, Oakmeeds has not been overlooked or forgotten.

**Every Burgess Hill
Conservative Councillor
in 2011 supported the policy
which emptied our car parks
and put commuter's cars on
our residential roads!**

Results from the
last
County Council
Elections in 2009

Last time it was a close run election between the Tories and Lib Dems. Labour were in a poor, third place and the other parties didn't even bother to stand. No wonder Labour voters back the Lib Dems locally.

Sue say's, "it's about working with people to get results."

3 Reasons to vote Lib Dem on 2nd May

1 Less wasted money

A Liberal Democrat Council will cut waste - by smarter joint working with other councils, and forming partnerships with Sussex police, the local NHS and voluntary groups.

2 Local spending under local control

Make sure developer money is spent in the community where development takes place.

3 Local safety

Liberal Democrats will ensure children, young and vulnerable people are safeguarded.

Liberal Democrats will invest in the county's roads and pavements, helping to reduce injuries to pedestrians and damage to vehicles.
